

## PINOT GRIGIO 2014

Garey Ranch Vineyard  
Santa Barbara County, California

### Winemaker

Tom Lane

### Vintage

Our cool marine-influenced Santa Maria/Santa Barbara vineyard site produces young wines sporting citrus notes whilst aging in the bottle to exotic flavors of sweet flowers and tropical fruit compote. Unlike many white wine varieties, Pinot Grigio is a colorful grape with reddish skins. And yes, white wine is our goal here. The Bianchi way is 100% gentle whole-cluster pressing to yield juice that is fresh and fruity, with very little color and lacking any seed bitterness that would come with over processing. This is our second year working with Garey Ranch Pinot Grigio fruit. We've fine-tuned which block of grapes for optimizing ripening of flavors and acid balance. Encourage the rather yummy fruit compote aromas and flavors to escape your glass.

This is our vintage after vintage excellent fruity wine, and this year introducing a rather easy opening package. Enjoy.

### Food Pairings

Enjoy this Pinot Grigio with Thanksgiving turkey, sushi or at a summer concert in the park with cheese and crackers. Very refreshing.
