2020 RESERVE "MSP" RED CUVÉE

VINEYARD + VINTAGE

The 2020 Reserve MSP is a distinctive proprietary blend that brings together the richness of Bordeaux varietals with the bold character of Rhône fruit. Sourced from Briarwood Vineyard in Paso Robles, this wine reflects the site's diverse soils, varied elevations, and abundant sunshine, all of which contribute to its depth and complexity. Despite the challenges of the 2020 growing season, the vineyard produced exceptional fruit that resulted in a wine of remarkable concentration, character, and balance.

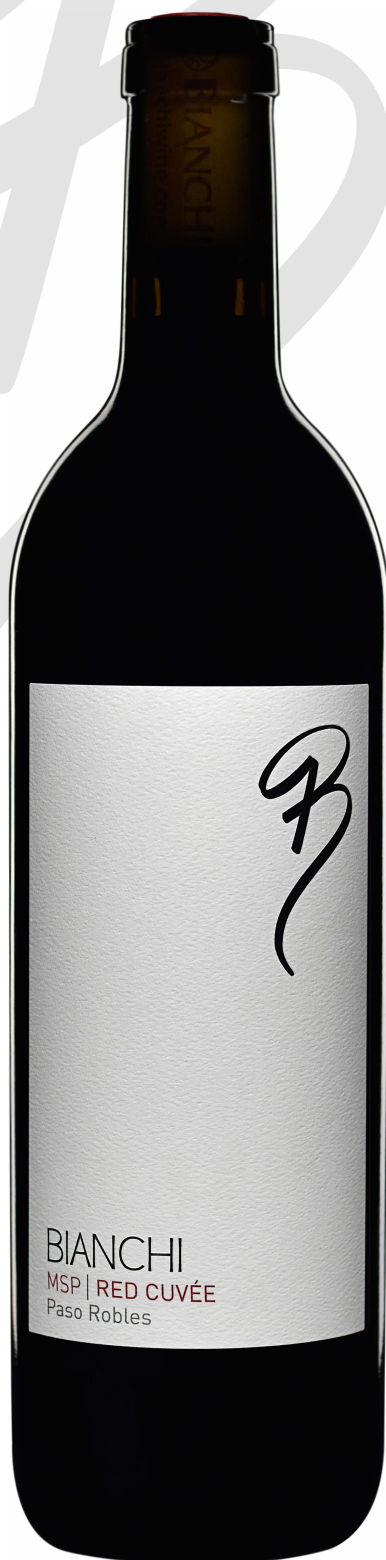

VINIFICATION

Crafted from 58% Malbec, 32% Syrah, and 10% Petite Verdot, this Reserve blend was aged for 22 months in French oak, with 33% new barrels. The combination of Bordeaux and Rhône varieties creates a layered and expressive wine, while extended barrel aging contributes texture, structure, and complexity. The result is a bold yet polished wine that showcases the best qualities of each varietal.

TASTING + PAIRING

This wine displays a deep color intensity with a vibrant purple hue and defined rim variation. Powerful aromas of black cherry, blueberry, and plum rise from the glass, accompanied by notes of cedar, leather, sweet tobacco, potting soil, and subtle spice. Mineral undertones and the influence of French oak add further depth and intrigue. On the palate, the wine is dry and medium-full bodied, offering layers of dark berry fruit, cocoa powder, violet flowers, baking spice, and a lingering sweet tobacco finish. Rich texture and structured tannins carry the wine through a long and satisfying finish.

Pair this richly layered blend with grilled ribeye, smoked brisket, braised short ribs, rosemary-crusted lamb, wild mushroom ragù, or aged gouda and cheddar. Its bold fruit profile and savory complexity make it an ideal companion for hearty fare.

REGION & VARIETAL COMPOSITION

Harvest Date: 10.5.20 & Bottle Date 8.18.22

R.S.: 0.30% pH: 3.79
