2023 RESERVE GEWÜRZTRAMINER

VINEYARD + VINTAGE

Aromatic, expressive, and unmistakably distinctive, Gewürztraminer is celebrated for its captivating bouquet and rich flavor profile. The 2023 Reserve Gewürztraminer showcases the varietal's naturally exotic character while maintaining freshness and balance. Sourced from Monterey County's renowned growing region, this wine reflects the cool-climate conditions that allow Gewürztraminer to develop intense aromatics alongside vibrant natural acidity.

Crafted from 100% Gewürztraminer grapes grown at Loma Del Rio Vineyard, this reserve bottling highlights the purity and elegance of the varietal. The resulting wine offers an inviting combination of floral aromatics, bright fruit expression, and a smooth, refreshing finish.

The fruit for this wine was sourced exclusively from Loma Del Rio Vineyard in Monterey County. Monterey's coastal influence provides cool mornings, warm afternoons, and extended growing conditions that encourage gradual ripening while preserving freshness and aromatic intensity. These conditions are particularly well suited to Gewürztraminer, a varietal known for developing pronounced floral and fruit characteristics when grown in cooler vineyard sites.

Harvested on November 1, 2023, the fruit reached optimal maturity while maintaining balance and varietal expression, producing a wine with both aromatic complexity and lively structure.
